

Table 1. Summary of the survey effort in terms of number of hours and number of trips conducted in Faxaflói Bay between January 2016 and December 2023. Mn = *Megaptera novaeangliae*, Ba = *Balaenoptera acutorostrata*, La = *Lagenorhynchus albirostris*, Pp= *Phocoena phocoena*. ‘% trips’ refers to the percentage of trips a species was observed each year. h = hours; t = trips; Obs = Observations.

Study Period	Survey Effort (h)	Survey Effort (t)	Mn OBS. (t)	Mn SPUE (h)	Mn % trips	Ba OBS. (t)	Ba SPUE (h)	Ba % trips	La OBS. (t)	La SPUE (h)	La % trips	Pp OBS. (t)	Pp SPUE (h)	Pp % trips
