Why this workshop?

- Harvard has been organizing **Dataverse Community Meeting** at Harvard (Cambridge MA) every year since 2015. This year: **June 17-19**

- **Growing interest** in Dataverse all over the world

- Should we have **other Dataverse venue(s)** in addition to the community meetings at Harvard, e.g. in Europe?

- UiT has been very happy with the Dataverse software and the support from Harvard. Organizing this first European Dataverse workshop is our small contribution to the Dataverse community.
