

A National, Generalist Repository for Data from the Long Tail of Research

Philipp Conzett, UiT The Arctic University of Norway, ORCID: [0000-0002-6754-7911](https://orcid.org/0000-0002-6754-7911)
 Leif Longva, UiT The Arctic University of Norway, ORCID: [0000-0001-6638-8317](https://orcid.org/0000-0001-6638-8317)
 Karl Magnus Nilsen, UiT The Arctic University of Norway, ORCID: [0000-0002-9208-8067](https://orcid.org/0000-0002-9208-8067)

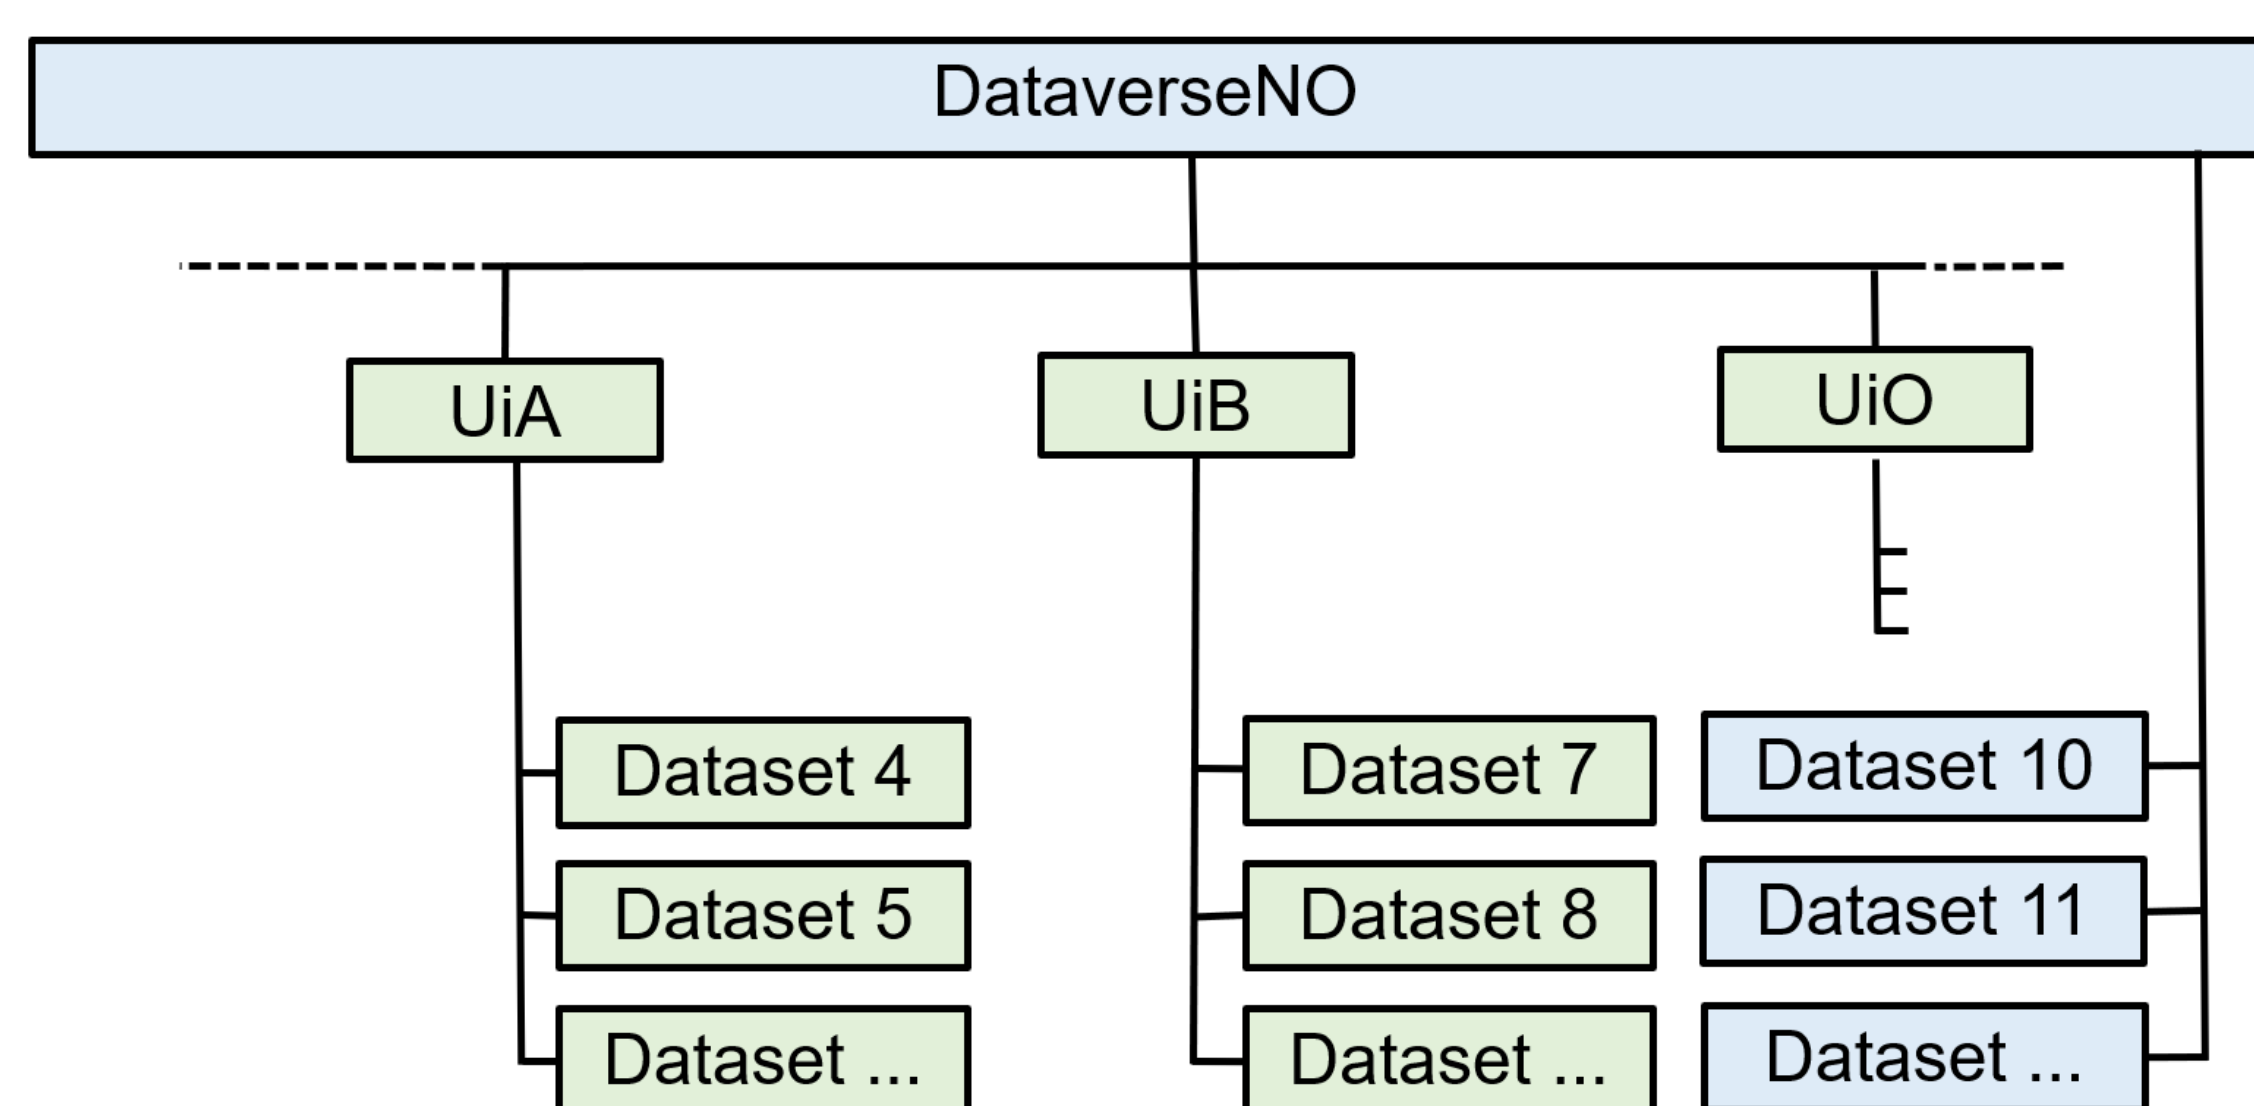

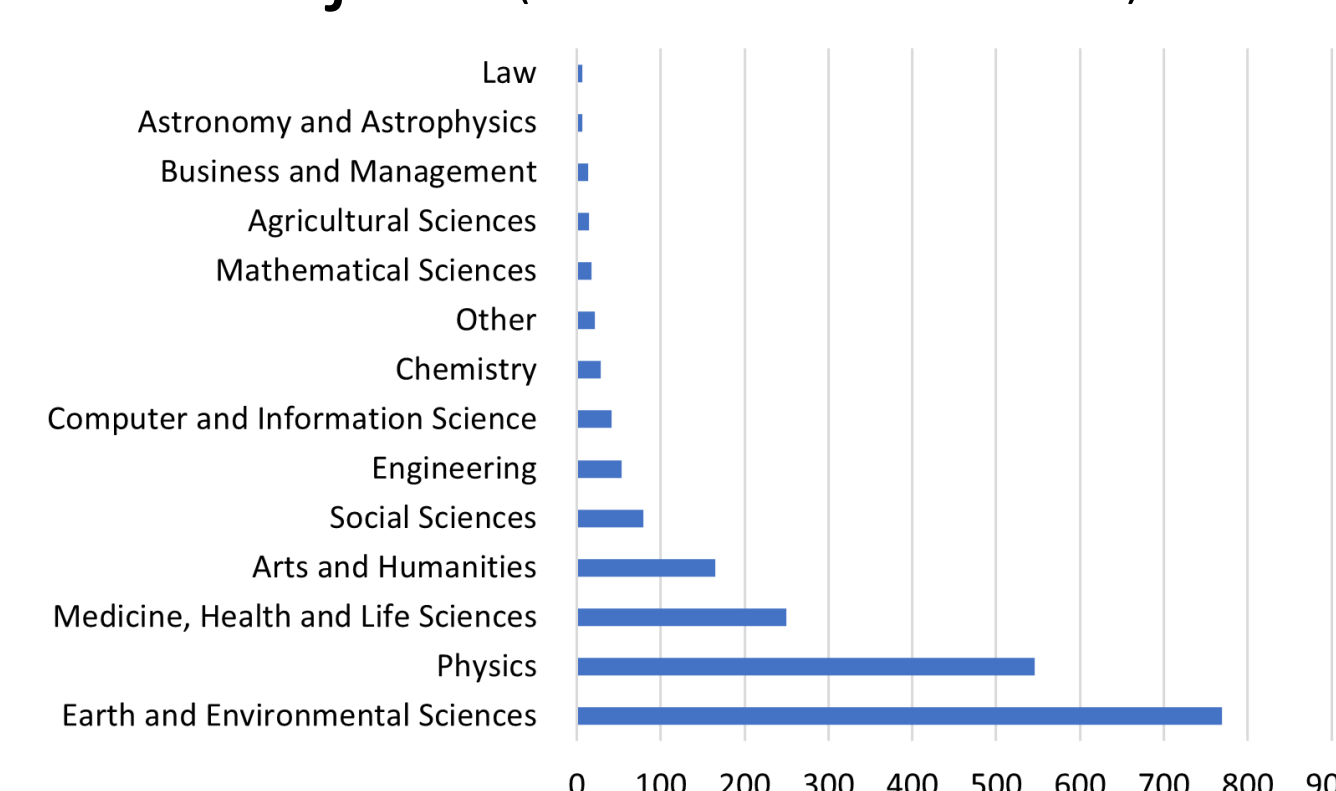

Key facts

- ✓ All datasets curated
- ✓ CoreTrustSeal-certified
- ✓ FAIR-enabling
- ✓ Runs on the Dataverse application
- ✓ National Collaboration
- ✓ Community-driven
- ✓ Operated at UiT

Core metrics (as of October 20, 2022)

Subjects (includes cross-classification)

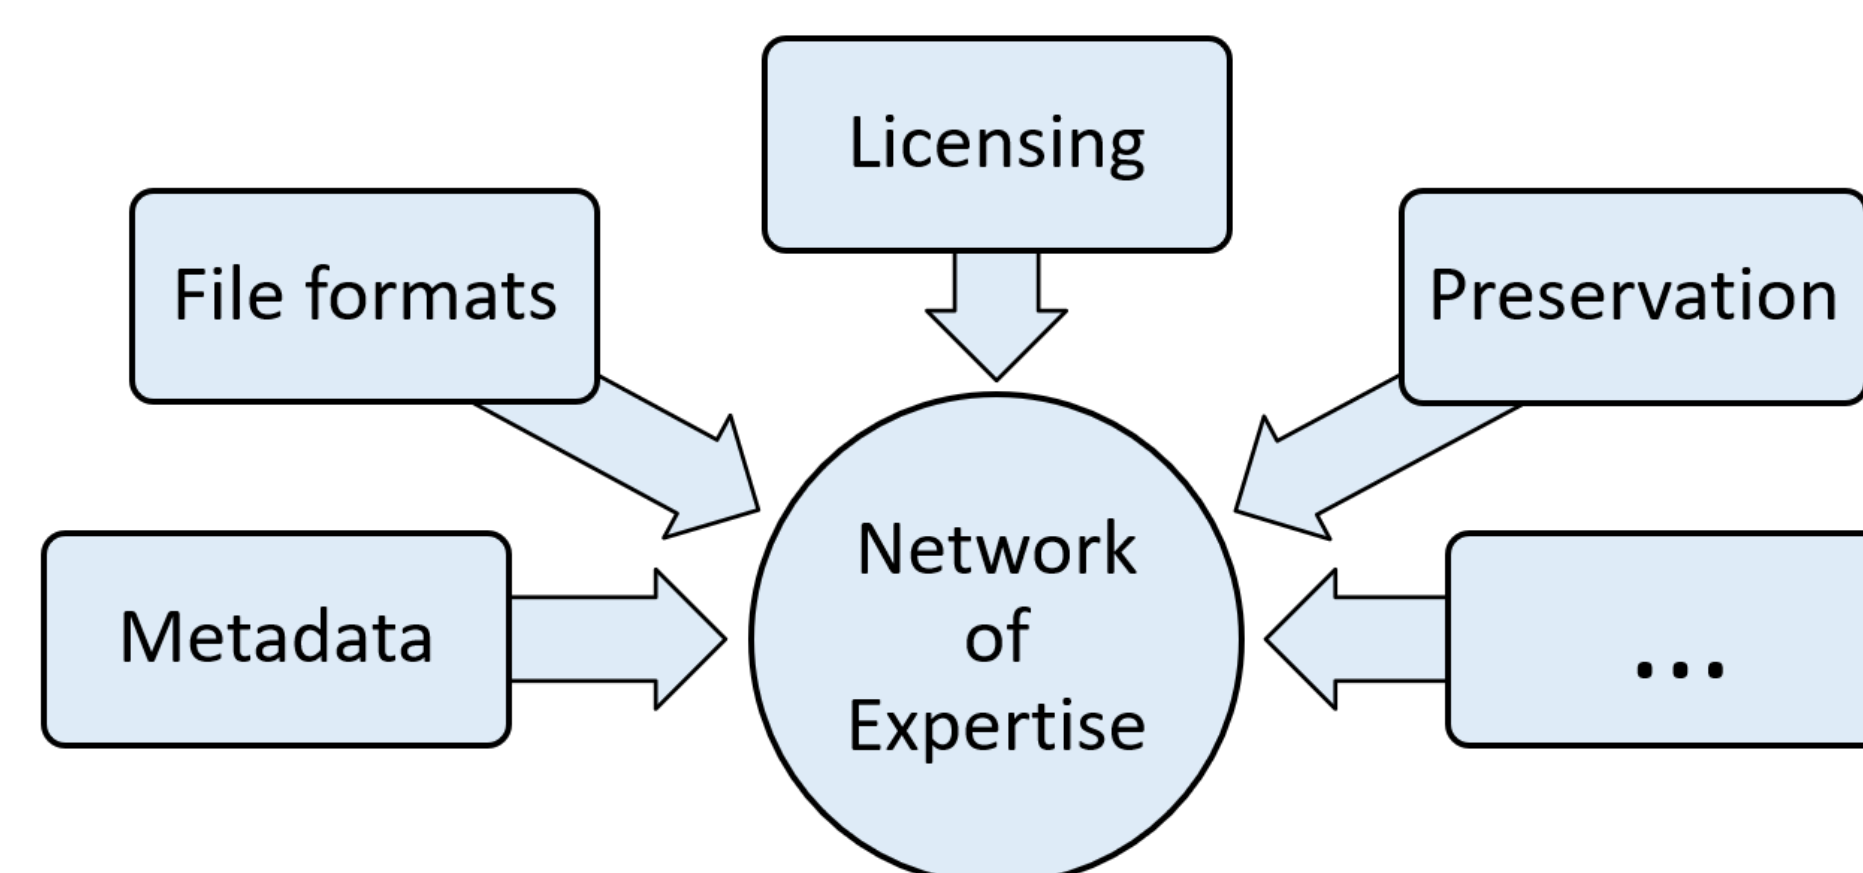

Collaboration

- ✓ 14 Norwegian research organizations
- ✓ Institutional collections
- ✓ UiT responsible for training and support of institutional collection managers
- ✓ Partner institutions responsible for data curation and local user support
- ✓ Researchers from other Norwegian institutions may archive at root level

Deposit and Curation Support

- ✓ Deposit guide
- ✓ README template
- ✓ Curation guide
- ✓ Curation report template
- ✓ Network of Expertise
- ✓ Curation training

Challenges and future plans

- ✓ Aligning curation competency and practices
- ✓ Data privacy support
- ✓ Curation support at smaller organizations
- ✓ Beyond the FAIR principles, e.g., CARE
