Recommendations for supervisor-student co-authorship

When Should a Supervisor Become Co-author?

- Must meet ALL criteria:
 - Substantial intellectual contribution to research design/analysis
 - Active participation in writing/critical revision
 - Final approval and accountability
- Clear distinction from routine supervision duties
- Written documentation of contributions essential

Core Principles

- Transparency in roles and expectations
- Regular documentation of contributions
- Balance between mentorship and authorship
- Compliance with academic integrity standards

Recommendations for supervisor-student co-authorship

Academic context implementation

Dissertation requirements:

- Institutional policy compliance
- Clear student contribution documentation
- Separation of thesis and collaborative work

Publi

Incentive considerations:

- cation pressure recognition
- Career needs balance
- Alternative recognition methods

Implementing ethical co-authorship practices

Initial Phase:

- Formal meeting to discuss expectations

Written agreement covering:

- Expected contributions
- Timelines
- Decision-making processes
- Conflict resolution

Recommendations for supervisor-student co-authorship

Mentorship Activities (Non-authorship)

- General guidance
- Resource provision
- Editorial suggestions
- Career advice
- Technical training
- Network connections

Co-authorship Activities

- Original research design
- Novel analytical methods
- Substantial writing
- Critical theoretical input
- Significant data interpretation
- Method development
